

Faculty of Technology, University of Sri Jayewardenepura
Bachelor of Information and Communication Technology
ITC 2223 Web Application Development
Assignment 1(Special Repeat)

Create a **user registration web form** for a coding competition targeting students of University of Sri Jeyewardenepura with fields, First Name, Last Name *, DOB*, NIC*, Faculty*, Email*, Confirm Email*, and Contact No.

A sample output is given below.

Registration Form

First Name	<input type="text" value="First Name"/>
Last Name	<input type="text" value="Last Name"/>
DOB	<input type="text" value="mm/dd/yyyy"/>
NIC	<input type="text" value="123456789V OR 123456789000"/>
Faculty	<input type="text" value="Select your Faculty"/>
E-Mail	<input type="text" value="E-Mail Address"/>
Confirm E-Mail	<input type="text" value="E-Mail Address"/>
Contact No.	<input type="text"/>

SUBMIT

- i) Create HTML, CSS and JavaScript for the web form.
 - ii) Write validations for the form elements with JavaScript providing customized feedback messages.
 - iii) Write validations for the form elements with JQuery providing customized feedback messages.
- Specify required fields. Check formats for Names, NIC, DOB and Email.
 - Names should have only alpha-numeric characters.
 - NIC should be 9 numbers with one letter or 12 numbers.
 - Email should be in the proper email format.
 - DOB should be checked for the date format and validity of the date (shouldn't be a future date; should be a date of birth of a university student)
 - Check whether the Email and the Confirm Email fields are the same.
 - Also the age should be less than 30 years, therefore check the DOB accordingly. If the age is exceeding 30, a message should be displayed that “you are not eligible for the competition”.

How to submit:

Create a zipped file with the HTML, CSS and JS files.

Name the zipped file with your index number (e.g. ict17801) and submit using the provided link.

Deadline: 04th August, 2022
